THE LANDMARK AT THE HEART OF MOZART'S CITY

ARRIVING BY BUS

The City of Salzburg is ideally prepared for coach groups. The Bus Terminal North is situated in Paris-Lodron-Straße (near Mirabell Square), and the Bus Terminal South can be found in Erzabt-Klotz-Straße (Nonntal). These bus stops can only be used to let passengers on and off – afterwards, the bus must leave again immediately. Coach parks can be found near the Autobahn exit Salzburg North, near Hellbrunn and at the P+R Alpenstraße/Salzburg South.

The route on foot from the Bus Terminal South to Hohensalzburg Fortress runs through Salzburg Old Town, across Kajetaner Square, Kaigasse, Kapitelgasse and Kapitel Square. It takes around 15 minutes to reach the Fortress Funicular. **Salzburg has a new online booking system (www.salzburg.info/de/b2b/gruppenplaner/reisebus) for coaches. Time slots must be booked for guest arrival and departure at the two terminals.**

THE IMPOSING DEFENSIVE CASTLE AND THE HISTORIC FALCONRY CENTRE

Even during arrival, you will be able to feel just how special this 11th century defensive castle really is. On its majestic throne against the backdrop of the Salzburg mountains, it exudes a magical fascination for its visitors. Not surprising, then, that the castle has repeatedly been used in films (e.g. »Where Eagles Dare«, »The Man in the High Castle« and many others). Your customers will also be unable to resist its charm. When you reach the traditional castle bailey, you will be transported to a different time. Together with castle guides in historical garb, you can explore the inside of the castle and its torture chamber

and high bell tower. Or you can make your way straight to the meadow reserved for birds of prey, to watch them rise up into the air and perform impressive stunts. In addition to the numerous themed special exhibitions, the fascinating exhibition »The Myth of Jackl – Witches and Wizards in Salzburg« will introduce you to a magical and incredible world. Valuable historic exhibits as well as interactive installations, like the 3D hologram production of a witch trial, make this exhibition unique. Or how about attending an event in the castle bailey or the castle taproom or even in other, truly extraordinary locations?
